

Esprinet Group launches 'Generational Board' to promote intergenerational dialogue and stimulate business innovation

Vimercate (Monza Brianza), 15 April 2025 – Esprinet Group, leader in Southern Europe in advisory services, sale and rental of technological products and IT security, announces the launch of the '**Generational Board**', an initiative aimed at fostering collaboration between different generations of employees and translating their experiences into concrete projects. The initiative involves 13 employees in Italy and 15 in Spain and Portugal, selected from 89 internally collected applications.

The **Generational Board's** main objective is to create an inclusive working environment where different generations can meet, share ideas and develop innovative solutions. Through this project, Esprinet intends to improve corporate life, strengthen employees' sense of belonging and stimulate professional growth within the Group.

*"The Generational Board represents a new opportunity for Esprinet to enhance the experiences of all generations, creating a dynamic environment open to discussion - says **Ettore Sorace, HR Director of Esprinet Group** - We want to encourage collaboration between different professional backgrounds so that each employee can contribute to the success of the company and to process innovation".*

The board members work closely with the HR department to develop projects that optimise the working environment and foster employee engagement. The initiative also includes participation in training modules on transversal skills, to stimulate professional growth and promote continuous updating.

The initiative continues with constant monitoring of the results, with the aim of ensuring the effectiveness of the projects and a positive impact on the entire company.
