### Authorization of share buy-back and disposal plan

The Shareholders' Meeting authorized the Company to purchase and dispose of own shares according to art. 2357 and following of the Italian Civil Code, art. 132 of Legislative Decree 58/1998, art. 144-bis of the Consob Issuers' Regulation and any other applicable rules, including UE Regulation no. 596/2014 and UE Delegated Regulation no. 2016/1052, as well as the current pro-tempore accepted market practices admitted by CONSOB, (in order to benefit, where applicable, from the protection ensured by the so called safe harbor provided for Article 5 of EU Regulation No. 596/2014) subject to revocation of the authorisation to purchase and dispose of own shares granted by the Shareholders' Meeting of 24 April 2024 for the part not yet executed.

The proposed plan comprises up to 2,520,870 ordinary shares of Esprinet S.p.A., fully paid-in and without nominal value, equal to 5% of share capital without calculating the own shares held by the Company.

The request for authorization to purchase and dispose of own shares is intended to allow the Board of Directors to possibly use own shares for the following purposes:

- ii) to fulfill the obligations arising from share option programs or other allocations of shares to employees or members of the administrative bodies of the Company or its subsidiaries or affiliates; and
- iii) to purchase own shares held by employees of the Company or subsidiaries which are assigned or subscribed according to art. 2349 and 2441 paragraph 8 of Italian Civil Code or following approved compensation plans according to art. 114-bis TUF - Consolidated Law on Finance.

The purchase will be performed through public offer, regulated markets or through exchange offer and/or by granting Shareholders a put option.

The fees approved by the Shareholders' Meeting for the purchase of own shares are as follows:

- i) in the case of purchases made on regulated markets, or by employees, at a unitary consideration that cannot be less than 20% and higher than 20% compared to the official price recorded by the Company's ordinary shares on the trading day prior to each single purchase transaction;
- ii) in the case of purchases made through a public offer or exchange or by attributing to the shareholders, in proportion to the shares held, a put option, at a consideration not lower than 30% and not higher than 30% compared to the official price recorded by the Company's ordinary shares in the ten trading days prior to the public announcement; and
- iii) without prejudice to the provisions of paragraphs (i) and (ii) above, at a consideration that is not higher than the higher price between the price of the last independent transaction and the price of the highest current independent purchase offer present in the trading venue where the purchase is made.

For the disposal of own shares, it was resolved that they take place according to times and conditions that will be deemed best suited to the interests of Esprinet, taking into account the stock market prices recorded in the periods immediately prior to the date of each individual disposal operation.

The purchase authorization of treasury shares has a duration of 18 months, equal to the maximum period allowed by civil law. The disposition, in one or more solutions, of the own shares purchased does not provide for any time limit.

The share capital currently amounts to Euro 7,860,651.00, divided into n. 50,417,417 ordinary shares and as at today the Company's shareholder treasury is made up of n. 974,915 shares corresponding to 1.93% of the share capital.
