

## V-VALLEY ANNOUNCES ITS PARTNERSHIP WITH ANYDESK SOFTWARE GMBH

**Vimercate (Monza Brianza), 01 September 2025 – V-Valley**, a company of the Esprinet Group focused on the distribution of Advanced Solutions, announces that it has signed a partnership agreement with **AnyDesk Software GmbH**, a German company that develops **AnyDesk**, a secure, fast, and lightweight remote desktop software designed for users ranging from private individuals to enterprise clients.

Thanks to its close collaboration with **V-Valley**, **AnyDesk** aims to strengthen and expand its presence in the Italian market, strategically focusing on key sectors such as public administration, healthcare, education, and enterprises. The widespread network of partners and clients of **V-Valley**, combined with its deep knowledge of the Italian distribution landscape and a well-prepared, structured team, represents a crucial enabler to support solid, long-lasting, and sustainable growth for **AnyDesk** in Italy.

**V-Valley**, for its part, will enrich its portfolio with a market-leading technological solution that it can offer to its network of partners and clients as a strategic added value. This will allow **V-Valley** to expand its offering with a highly demanded, innovative, and globally recognized product, further strengthening its position as a key player in the Italian distribution landscape.

*"We are thrilled to announce our collaboration with V-Valley. At AnyDesk, we are committed to providing seamless and secure remote desktop solutions, and partnering with V-Valley allows us to further enhance our offerings and reach. Together, we look forward to driving innovation and delivering exceptional value to our customers in Italy"* said **Lucio de Paula Silva, Channel Account Manager AnyDesk**.

*"We are excited to start a strategic partnership with AnyDesk, which enables us to offer our Partners simple, secure, and high-performance remote support solutions. This collaboration with AnyDesk allows us to further expand our offering, in line with V-Valley's mission. Enhancing the business of our Vendor Partners means providing AnyDesk with our expertise, services, and tools to create new relationships and channel opportunities, while at the same time offering our Client Partners high-level solutions that grow their business, strengthen customer loyalty, and support their growth journey."* said **Silvia Restelli, Head of Marketing & Solutions Sales, V-Valley Italy**.

### About V-Valley

V-Valley positions itself as a leading distributor in the Advanced Solutions market, thanks to a wide range of technologies offered both on-premises and as-a-service, a highly specialized organization, and an extensive set of services available to industry operators.

"Enhancing your business" is the company's payoff that encapsulates its mission: supporting clients in further enhancing their digital transformation projects aimed at end-user companies and Public Administration.

V-Valley combines the experience of a multinational with the agility and local market knowledge needed to efficiently and personally serve its partners.

V-Valley is part of the Esprinet Group, a leading distributor in Southern Europe and among the top ten worldwide, listed on the Italian Stock Exchange, with revenues of €4.1 billion in 2024, 30,000 active clients, 800 vendor partners, and over 1,800 employees.

**About AnyDesk**

AnyDesk is committed to providing secure, stable, and high-performance remote access solutions to individuals and organizations, including those in remote and underserved areas across Italy and beyond.

With over 200,000 customers in more than 190 countries, AnyDesk enables businesses, public institutions, and IT professionals to work, provide support, and collaborate from anywhere—without compromising on speed or security.
